To all participants, leaders, crew and spectators!
It's a great pleasure to welcome you all to Malmö and the qualification match between Sweden and Denmark in the 4th USPE European Police Championship in Football for women.

It's my hope that we all can enjoy great performance from all players and experience friendship across national borders.

MICHAEL FETZ

CHAIRMAN OF THE SWEDISH
POLICE SPORTS ASSOCIATION

PETER ERIKSSON

TEAM MANAGER FOR THE SWEDISH NATIONAL TEAM

Age: 45

Place of work: Chief for the group for organizing and planning, Södermanland

Strength as a coach: I always try to combine the individual will and strength along with the strength of the team. I always try to make sure that everyone contributes to what's best for the team and at the same time get the most out of the individual will.

Peter is an experienced organizer of police football tournaments. He has been organizing Swedish Police Championships in football since 2013. His first international championship was in 2014 and 2015 when Sweden participated in the unofficial world championship in USA. Sweden won the gold medal both 2014 and 2015.

As a football coach in police sports he has won 2 world cup, 2 Silver in NSPA, 1 Bronze in NSPA and 1 Gold and 1 Silver in the national championship.

Football as a Police sport In Sweden

In Sweden, football has always played a major role as a police sport. National competitions have been arranged almost every year. In 2011, I, Peter, participated in my first police sports championship in football. After that I was stuck. However, something felt wrong in the way we arranged the national championships in football. We went around the country and qualified for the competition and then played playoffs for 2 days at the end of the summer. What felt wrong was that we in this way missed all the fantastic community that police sports bring. In 2014, I think it was, I was asked to become in charge for the football branch at the Swedish Police Sports Association, which I obviously accepted. A seed had already been sown in me to change some of the football branch in Swedish police sports. When Mikaela Kellner became Secretary General, I felt that there could be the opportunity to change! In 2017 I asked if I could change the way we arrange the national championship in police sports in football in Sweden and play both qualifiers and playoffs during the same 2 days at the same location. And thus gathering 350-400 football players at the same time and really enjoy police sports. The tournament really fell out well and since then these are played every year for 2 days with 4 groups with 4 teams in each group in both ladies and men's class. The floorball branch have also adopted this way of arranging national championships in Sweden. When it comes to international championships, Sweden was successful in both Nordic and European association until 2011. Sweden then had to withdraw. We have now joined again and the interest among the football -playing police employees in Sweden is greater than ever, which we also hope will show up during the European Championship!

About Malmö

The city that connects Sweden with the continent

The best way to explore everything that Sweden's third-largest city has to offer is by bike. Cycle through lush green parks, the modern architecture of Västra hamnen and everything in between. Getting around in bicycle-friendly Malmö has never been easier.

Naturum Öresund offers insights into the sea and life below the surface. Discover the inhabitants of Öresund by snorkeling or exploring an interactive exhibition featuring aquariums, VR snorkeling and much more. You will gain a deeper understanding of the ocean's importance to life on our planet.

Torup's beech forest, owned by the city of Malmö, is a popular excursion destination. Enjoy hiking, cycling, horse back riding, exercising, barbecuing and sleeping in a wind shelter while immersing yourself in the area's captivating nature and cultural history.

Welcome to Malmö!

The falafel city

Malmö boasts more restaurants per capita than any other place in Sweden. Around Möllevångstorget and Davidhallstorg, restaurant and bistro owners experiment with culinary influences from France, Italy, India, Lebanon and Iran, among others. Malmö offers an incredible variety: in addition to being known as Sweden's falafel city, it is home to a two-Michelin-star restaurant, Restaurant Vollmers.

Slottsträdgården garden

In this ecological garden in the heart of Malmö, there has been a lot of buzz about whether their large insect hotel is the world's largest. What is clear is that it is roughly 25 cubic meters in size, 47 meters long with rooms on both sides. To give the hotel's guests a pleasant experience, they are welcomed after their winter rest by a hearty buffet of around 4000 spring-blooming bulbs, just outside their rooms.

Cold baths

Between Limhamn and Västra hamnen stretches Malmö's longest beach, offering views of Öresund, Denmark and the 190 meter high Turning Torso, the tallest building in Scandinavia. The spiral-twisted tower designed by architect Santiago Calatrava resembles a human reaching for the sky. Take a swim in the shallow water or enjoy a sauna in Northern Europe's largest cold bathhouse, "Kallis".

European Police Sports Union - USPE

The Union Sportive des Polices d'Europe (USPE) was founded in Paris on 30 November 1950 by 10 European countries at the initiative of the French Police Sports Association. Its founding

members were Belgium, Denmark, Finland, France, Great Britain, Luxembourg, the Netherlands, Norway, Sweden and Switzerland. While USPE had twelve members in 1976, its membership had grown to 20 by the 23rd Congress that was held in Berlin back in 1990. After the fall of the Berlin Wall and Europe's opening-up towards the East, it was also possible to admit Eastern European nations as USPE members. Today, USPE is made up of 38 European countries. USPE's registered office is located at the seat of the General Secretariat in Meiningen.

Objectives

USPE's objective is to promote police sport within its member countries. USPE organises European Police Championships held at 4-year intervals by the member countries in 16 sporting disciplines. At present, European Police Championships take place in Basketball, Cross Country, Football, Handball, Judo, Athletics (Track and Field), Marathon, Cycling, Wrestling, Shooting, Swimming, Skiing, Tennis, Table Tennis, Triathlon and Volleyball. Between 1951 and 2015, a total number of 192 USPE European Police Championships have been organised.
