Peter Eriksson

TEAM MANAGER FOR THE SWEDISH NATIONAL
TEAMS AND TOURNAMENT MANAGER

Name: Peter Eriksson

Age: 45

Place of work: Chief for the group for organizing and planning, Södermanland

Strength as a coach: I always try to combine the individual will and strength along with the strength of the team. I always try to make sure that everyone contributes to what's best for the team and at the same time get the most out of the individual will

Peter is an experienced organizer of police football tournaments. He has been organizing Swedish Police Championships in football since 2013.

His first international championship was in 2014 and 2015 when Sweden participated in the unofficial world championship in USA. Sweden won the gold medal both 2014 and 2015

As a football coach in police sports he has won 2 world cup, 1 Silver in NSPA, 1 Bronze in NSPA and 1 Gold and 1 Silver in the national championship.

The expectations this year for the Swedish teams are big, since the Swedish teams are better than ever.

And a gold medal at home turf would mean a lot.

It is Peters second Nordic police sports championship, his first was in Estonia 2019.

Football as a Police sport in Sweden

In Sweden, football has always played a major role as a police sport.

National competitions have been arranged almost every year.

In 2011, I, Peter, participated in my first police sports championship in football. After that I was stuck.

However, something felt wrong in the way we arranged the national championships in football.

We went around the country and qualified for the competition and then played playoffs for 2 days at the end of the summer.

What felt wrong was that we in this way missed all the fantastic community that police sports bring.

In 2014, I think it was, I was asked to become in charge for the football branch at the Swedish Police Sports Association, which I obviously accepted.

A seed had already been sown in me to change some of the football branch in Swedish police sports.

When Mikaela Kellner became Secretary General, I felt that there could be the opportunity to change!

In 2017 I asked if I could change the way we arrange the national championship in police sports in football in Sweden and play both qualifiers and playoffs during the same 2 days at the same location.

And thus gathering 350-400 football players at the same time and really enjoy police sports.

The tournament really fell out well and since then these are played every year for 2 days with 4 groups with 4 teams in each group in both ladies and men's class.

The floorball branch have also adopted this way of arranging national championships in Sweden.

When it comes to international championships, Sweden was successful in both Nordic and European association until 2011.

Sweden then had to withdraw.

We have now joined again and the interest among the football -playing police employees in Sweden is greater than ever, which we also hope will show up during this years Nordic Championship!

THE BISHOPS ARMS

About Stockholm - Football

Stockholm is a city full of scenic hikes, breath-taking views, world heritage sites, over 100 museums, and plenty more. Thanks to being built on 14 islands and with barely any high-rise buildings, Stockholm has a unique landscape to discover.

Stockholm City Hall, with its spire featuring the golden Three Crowns, is one of the most famous silhouettes in Stockholm. The City Hall is built from eight million bricks, where the 106-meter tall tower has three crowns - the Swedish national coat of arms - at its apex.

Skyview is the world-class attraction that takes you to the top of the world's largest spherical building, the Avicii Arena, another Stockholm landmark. From 130 meters (425 feet) above sea level, you get a fantastic view encompassing all of Stockholm. The two SkyView gondolas depart every 10 minutes, and the entire visit takes about 30 minutes.

Stockholm is a child-friendly city

Distances are short and the public transportation system takes you everywhere you want to go. On the green island of Djurgården, you'll find the fairytale world of Junibacken, The Viking Museum, The Vasa Museum, Skansen, and Stockholm's amusement park Gröna Lund. The later beautifully located along the water and a great place to visit for a memorable day.

Yanan Li/ mediabank.visitstockholm.com

The Stockholm metro is more than just

a transportation system. The metro, as well as the whole city, is open for different perspectives and new ideas. The metro system has been called "the world's longest art gallery" due to the artwork at 94 of the 100 metro stations. Go for a ride along the 105,7 km long system and take a look at sculptures, mosaics, paintings, installations and reliefs by more than 150 different artists.

The Nobel Prizes

are announced in the first week of October each year. The Nobel banquet on the 10th of December is without question the most famous dinner party in Sweden. The first banquets, in the early 20th century, were relatively modest affairs with some 130 guests. A modern Nobel dinner is far more complex: roughly 1300 guests are seated in the Stockholm City Hall, while the whole world is watching via satellite.

If you want, you can quickly get to Stockholm City, but cozy Lidingö has many attractions will make it difficult to get tired. It is an outdoor paradise with a strong cultural heritage that is well worth visiting. Lidingö was already inhabited in the Viking Age and there are around 25 ancient remains on the island. If you want to learn more about the island's history, you can visit the **Lidingö Museum**, where you can see how the development has gone from agricultural construction to today's modern society. If you are interested in art, you must not miss the beautiful **Millesgården**. Carl and Olga Mille's former home on Her-serudsklippan is today a valued museum, with an exciting sculpture park. Climb to the top of the partly man-made mountain at **Ekholmsnäsbacken** if you are looking for a striking view. Explore the **Långängen-Elfviks Nature Reserve** where you can encounter animals such as red foxes, fallow deer and roe deer. Visit pleasant excursion destinations such as a chocolate factory, a coffee roaster, and country farm shops. In the citycenter of Lidingö there are nice shops, restaurants and cafes.

Lidingö has been nicknamed the Island of Health. Many sporting events are arranged here, the most famous of which has to be the Lidingö Race, which takes place in September every year. The race, the world's largest off-road race.

If you want to make a day trip, it is an excellent idea to take the boat to the beautiful **Fjäderholmarna**. It is a cherished archipelago dream where you will find swimming cliffs, pottery and galleries, among other things. The archipelago consists of the four islands Stora Fjäderholmen, Ängsholmen, Libertas and Rövarns islets, as well as some smaller islets.
