Declaration

I, **First Name** _____ **Name** _____, herewith confirm that I know and acknowledge the USPE Anti-Doping Regulations and the WADA World Anti-Doping Code.

Doping constitutes a violation of the USPE Anti-Doping Regulations.

Violations of Anti-Doping Regulations are:

1. The presence of prohibited substances, its metabolites or markers in the athlete's bodily specimen.
 - It is each athlete's personal duty to ensure that no prohibited substances enter his or her body. Athletes are responsible for any prohibited substance or its metabolites or markers found to be present in their bodily specimens. Accordingly, it is not necessary that intent or negligence on the athlete's part be demonstrated in order to establish an anti-doping violation.
 - The presence of any quantity of a prohibited substance or its metabolites or markers in an athlete's sample shall constitute an anti-doping rule violation, excepting those substances for which a quantitative reporting threshold is specifically identified in the WADA "List of Prohibited Substances and Methods".
 - As an exception to the general rule, the „WADA List of Prohibited Substances and Methods“ may establish special criteria for the evaluation of prohibited substances that can also be produced by the body itself (endogenously).
2. Use or attempted use of a prohibited substance or a prohibited method.
 - The success or failure of the use of a prohibited substance or prohibited method is not material. It is sufficient that the prohibited substance or the prohibited method was used or attempted to be used for an anti-doping rule violation to be committed.
 - Refusing, or failing without compelling justification, to submit to sample collection after notification as authorised in the USPE regulations or any other anti-doping regulations, or otherwise attempting to willingly evade sample collection.
 - Tampering or attempting to tamper with any part of doping control.
3. Possession of prohibited substances and prohibited methods.
 - Possession by an athlete
Possession by an athlete at any time or place of substances that are prohibited in out-of-competition testing in accordance with the WADA Prohibited List or the use of prohibited methods by an athlete, unless the athlete establishes that the possession is pursuant to a Therapeutic Use Exemption (TUE) granted or other acceptable justification.
 - Possession by athlete support personnel
Possession by athlete support personnel of substances that are prohibited in out-of-competition testing in accordance with the WADA Prohibited List or the use of prohibited methods by athlete support personnel (in particular doctors, trainers/coaches, attendants and support staff) in connection with an athlete, competition or training, unless the athlete support personnel establishes that the possession is pursuant to a Therapeutic Use Exemption (TUE) granted to the athlete or other acceptable justification.
4. Trafficking in any prohibited substance or prohibited method.
5. Administration or attempted administration of prohibited substances or prohibited methods to any athlete or assisting, encouraging, aiding, abetting, covering up or any other type of complicity involving an anti-doping violation or any attempted violation of the anti-doping regulations.
6. Participation or attempted participation in European Police Championships during a period of suspension or ineligibility imposed by the USPE or any other international or national sports federations.

The undersigned accepts full personal responsibility for compliance with the above set of rules. He/she accepts that any violation of these regulations will give rise to sanctions, in particular with regard to cost of proceedings and the respective measures governed by the applicable national provisions of the member countries.
